Notes:

1. As you are aware, in view of the situation arising due to COVID-19 global pandemic, the general meetings of the companies shall be conducted as per the guidelines issued by the Ministry of Corporate Affairs (MCA) vide General Circular No. 20/2020 dated May 05, 2020 read with General Circular No. 14/2020 dated April 8, 2020, General Circular No.17/2020 dated April 13, 2020, General Circular No. 39/2020 dated December 31, 2020 and General Circular No.02/2021 dated January 13, 2021 (collectively referred to as “MCA Circulars”) and Securities and Exchange Board of India (“SEBI”) vide its Circular No. SEBI/HO/CFD/CMD1/CIR/P/2020/79 dated May 12, 2020 and Circular No. SEBI/HO/CFD/CMD2/CIR/P/2021/11 dated January 15, 2021 (collectively referred to as “SEBI Circulars”) permitted the holding of the Annual General Meeting (AGM) through Video Conferencing (VC) or Other Audio Visual Means (OAVM), without the physical presence of the Members at a common venue. In compliance with the provisions of the Companies Act, 2013 (“the Companies Act” or “the Act”), SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“SEBI Listing Regulations”), MCA Circulars and SEBI Circulars, the AGM of the Company is being held through VC / OAVM. Central Depository Services (India) Limited (‘CDSL’) will be providing facility for voting through remote e-voting, for participation in the AGM through VC / OAVM facility and e-voting during the AGM. The procedure for participating in the meeting through VC / OAVM is explained at below and is also available on the website of the Company at www.countrycondos.co.in.
2. Pursuant to the Provisions of the Act, a Member entitled to attend and vote is entitled to appoint a proxy to attend and vote on his / her behalf and the proxy need not be a Member of the Company. Since this AGM is being held pursuant to the MCA Circular No. 14/2020 dated April 08, 2020, through VC / OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the AGM through VC/OAVM and cast their votes through e-voting.
3. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and MCA Circulars dated April 08, 2020, April 13, 2020, May 05, 2020, December 31, 2020 and January 13, 2021, the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting’s agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the AGM will be provided by CDSL.
4. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to atleast 1000 members on first come first served basis. This will

COUNTRY CONDO'S LIMITED

not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.

5. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
6. In line with the Ministry of Corporate Affairs (MCA) Circular No. 17/2020 dated April 13, 2020, the Notice calling the AGM has been uploaded on the website of the Company at www.countrycondos.co.in. The Notice can also be accessed from the websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively. The AGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM) i.e. www.evotingindia.com.
7. The AGM has been convened through VC/OAVM in compliance with applicable provisions of the Companies Act, 2013 read with MCA General Circular No. 14/2020 dated April 8, 2020, General Circular No. 17/2020 dated April 13, 2020, General Circular No. 20/2020 dated May 05, 2020 and General Circular No. 39/2020 dated December 31, 2020. In continuation of this Ministry's General Circular No. 20/2020, dated May 05, 2020 and after due examination, it has been decided to allow Companies whose AGMs were due to be held in the year 2020, or become due in the year 2021, to conduct their AGMs on or before 31.12.2021, in accordance with the requirements provided in Paragraphs 3 and 4 of the General Circular No. 20/2020 as per MCA General Circular No. 02/2021 dated January,13,2021.
8. An Explanatory Statement pursuant to Section 102(1) of the Companies Act, 2013, with respect to Item Nos. 3 & 4 of the Notice set out above is annexed hereto. The Board of Directors have considered and decided to include Item Nos. 3 & 4 given above as Special Business in the forthcoming AGM, as they are unavoidable in nature and forms part of this Notice.
9. The Register of Directors' and Key Managerial Personnel and their shareholding maintained under Section 170 of the Companies Act, 2013, the Register of Contracts or arrangements in which the directors are interested under Section 189 of the Companies Act, 2013, will be available for inspection to the Members electronically without any fee by the members from the date of circulation of this Notice up to the date of AGM, i.e. September 27, 2021. Members seeking to inspect such documents can send an email to info@countrycondos.co.in.
10. Institutional / Corporate Shareholders (i.e., other than individuals / HUF / NRI, etc.,) are required to send a scanned copy (PDF/JPG Format) of its Board or Governing Body Resolution/Authorization etc., authorizing its representative to attend the AGM through VC / OAVM on its behalf and to vote through remote e-voting. The said Resolution/ Authorization shall be sent by email through its registered email address to info@countrycondos.co.in with a copy marked to info@aarthiconsulatants.co.in.
11. The Register of Members and Share Transfer Books of the Company will remain closed from Sunday, 19th September, 2021 to Monday, 27th September, 2021 (both days inclusive).
12. Shareholders holding shares in physical form may write to the Company/Company's R&T agents for any change in their address and bank mandates; shareholders holding shares in electronic form may inform the same to their depository participants immediately, where applicable.
13. The Securities and Exchange Board of India has mandated submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in demat form are, therefore, requested to submit PAN details to the Depository Participants with whom they have demat accounts. Members holding shares in physical form can submit their PAN details to the Company/Registrar and Share Transfer Agents (Unit: M/s. Aarthy Consultants Private Limited)
14. In consonance with the Company's sustainability initiatives and Regulation 36 of the SEBI (LODR) Regulations, 2015, the Company is sharing all documents with Shareholders in the electronic mode, wherever the same has been

COUNTRY CONDO'S LIMITED

agreed to by the shareholders. Further The Ministry of Corporate Affairs (vide Circular Nos. 17/2011 and 18/2011 dated April 21 and April 29, 2011 respectively), has undertaken a 'Green Initiative in Corporate Governance' and allowed Companies to share documents with its shareholders through an electronic mode. Shareholders are requested to support this green initiative by registering / updating their e-mail addresses for receiving electronic communications. Members holding shares in the same name under different ledger folios are requested to apply for consolidation of such folios and send the relevant share certificates to M/s. Aarthi Consultants Private Limited, Share Transfer Agents of the Company for their doing the needful.

15. As per SEBI Notification No. SEBI/LAD-NRO/GN/2018/24 dated June 8, 2018 and further amendment vide Notification No. SEBI/LADNRO/GN/2018/49 dated November 30, 2018, w.e.f. April 1, 2019 the transfer of securities of listed companies shall not be processed unless the securities are held in the dematerialized form (Demat) with a depository. Hence, the Members of the Company are requested to dematerialize their shareholding to avail the benefits of dematerialization. Only the requests for transmission and transposition of securities in physical form, will be accepted by the RTA.
16. Members are requested to send their queries at least 10 days before the date of meeting so that information can be made available at the meeting.
17. In case of joint holders attending the Meeting, only such joint holders who are higher in the order of names will be entitled to vote.
18. In respect of shares held in physical mode, all shareholders are requested to intimate changes, if any, in their registered address immediately to the registrar and share transfer agent of the company and correspond with them directly regarding share transmission/transposition, Demat/Remat, change of address, issue of duplicate shares certificates, ECS and nomination facility.
19. In terms of Section 72 of the Companies Act, 2013, a Member of the Company may nominate a person on whom the shares held by him/her shall vest in the event of his/her death. Members desirous of availing this facility may submit nomination in prescribed Form-SH-13 to the Company/RTA in case shares are held in physical form, and to their respective depository participant, if held in electronic form.
20. The Companies Equity shares are listed at BSE Limited and National Stock Exchange of India Limited and the listing fee for the FY 2021-22 has been paid.
21. The requirement to place the matter relating to appointment of Auditors for ratification by members at every Annual General Meeting is done away with vide notification dated May 7, 2018 issued by the Ministry of Corporate Affairs, New Delhi. Accordingly, No Resolution is proposed for a Ratification of Appointment of Auditors, who were appointed in the 30th Annual General Meeting held on 28th September, 2017.
22. Details of Directors retiring by rotation / seeking re-appointment at the ensuing Annual General Meeting are provided as an Additional Information required to be furnished under Regulation 36(3) of the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 and Secretarial Standards issued by the Institute of Company Secretaries of India, to this Notice.
23. In terms of the provisions of Section 152 of the Act, Smt. Y. Manjula Reddy, Director of the Company retire by rotation at the ensuing AGM. Nomination and Remuneration Committee and the Board of Directors of the Company recommends her appointment. Further Smt. Y. Manjula Reddy is interested in the Ordinary Resolution set out at Item No. 2 of the Notice with regard to her re-appointment. Smt. Y. Manjula Reddy, Director being related to Sri Y. Rajeev Reddy, Sri Y. Siddharth Reddy and Sri Y. Varun Reddy may be deemed to be interested in the resolution set out at Item No. 2 of the Notice. Saved and except the above, none of the other Directors / Key Managerial Personnel of the Company / their relatives are, in any way, concerned or interested, financially or otherwise, in the Ordinary Business set out under Item No. 2 of the Notice.
24. In accordance with the aforesaid MCA Circulars and SEBI Circulars, the Financial Statements including Report of Board of Directors, Auditor's Report or other documents required to be attached therewith and the Notice of AGM

COUNTRY CONDO'S LIMITED

are being sent in electronic mode to Members whose e-mail address is registered with the Company or the Depositories / Depository Participant(s). The Registered Office of the Company shall be deemed to be the venue for the AGM.

25. Since the AGM will be held through VC/OAVM, the Route Map is not annexed in this Notice.
26. Instructions for e-voting and joining the AGM are as follows:

A. THE INTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

- (i) The voting period begins on Friday, September 24, 2021 (9:00 A.M. IST) and ends on Sunday, September 26, 2021 (5:00 P.M. IST). During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on Saturday, September 18, 2021 i.e. cut-off date (record date) may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of **SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their Mobile Number and Email Id in their demat accounts in order to access e-Voting facility.

Pursuant to above said SEBI Circular, Login method for e-Voting and joining virtual meetings **for Individual Shareholders holding securities in Demat mode CDSL / NSDL** is given below:

The Board of Directors noted and took on record the report of the business review and analyzed the various options available and suitable in the present circumstances to the Company. The Board decided that it was no longer cost effective to manufacture and produce the goods in the present un-remunerative market conditions with the help of present undertaking. Hence, the Board, after due discussions and deliberations, decided to diversify / proposed to diversify its activities into the area of Real Estate & Construction Development.

3. OUTLOOK FOR INDIAN ECONOMY & INDUSTRIAL STRUCTURE:

The current crisis of global pandemic caused by COVID-19 has swung the pendulum again in the opposite direction whose trajectory and magnitude is so unpredictable that it is changing by every day, hour, and minute. The outbreak of the COVID-19 pandemic adversely impacted the sectorial performance during FY 2021. However, in the second half, the Company reported a turnaround in performance. The recent surge in cases following the second COVID-19 wave could impact demand in the first half of FY 2022 but the start of vaccine rollout coupled with low home loan interest rates and an increased desire to pursue home ownership will likely revive demand.

The Indian economy, which began showing signals of rd slowing down since first quarter of Financial Year 2020-21, is still expected to perform better than other major global economies; to grow by 4% - 5% in Financial Year 2020-21 as against 6.8% during Financial Year 2019-20. However, the growth in Financial Year 2021-22 is likely to be less than 3% due to the severe ongoing contraction of economic activities. While an early lifting of the lockdown is key to the resumption of the stalled economic engine, the strength of the recovery will also depend on the fiscal stimulus and relief by the Central and State governments in addition to monetary and liquidity measures announced by the Central Bank. The wide-ranging economic stimulus package of nearly ₹ 20 Lakh Crore announced by the Prime Minister rekindles the hopes of an early and sustained revival to economic activities at the grass root levels.

4. FUTURE PROSPECTS AND OUTLOOK OF THE COMPANY:

The Company witnessed an uptick in residential real estate demand compared to the year before. However, the outbreak of COVID-19 pandemic is expected to adversely impact the sector performance in the first half of F.Y. 2021. The most significant impact of COVID-19 is expected to be the reverse migration of workers which will impact construction activities across the country. This is expected to cause project execution delays and working capital issues for financially weak developers. While the start of F.Y. 2022 may be muted due to the Second lockdown and its subsequent toll on economic activity, we believe customers would eventually return to the market in the second half of the financial year to partially mitigate the demand impact in earlier quarters. While we do expect the demand to catch up within the year, we believe the customers would expect relaxed payment plans. We also expect some increase in customer outstanding owing to the pessimistic liquidity environment.

While the industry at large may be adversely impacted by this pandemic and the recovery phase slowdown, your Company's steady balance sheet and project pipeline will help maintain operational momentum in the months ahead. The Company believes technology will play an important role to minimize the impact of COVID-19 going forward. Your Company has been actively focusing on improving on-site facilities to create a safe working environment for workforce and reduce the impact of reverse migration. Your Company has been working on making the supply chain more efficient as lockdown restrictions are eased. These measures will not only help the Company in tiding over the impact of COVID-19 but also make it more efficient in the long term. We believe that government reforms will lead to improved governance in the sector, increase transparency and bring about consolidation amongst real estate players. The Company remains positive about the long-term direction of the sector on back of higher consumer confidence and increasing affordability due to declining interest rates, stagnant real estate prices and rising disposable income. We believe that we are in a strong position to benefit from such expected shifts in the sector. With our good track record and excellent sales and marketing capabilities the Company in Southern India is well poised for a high growth trajectory over the next few years.

Your Company will focus on opportunistic growth avenues in current environment to create a healthy project pipeline across its markets. Fast turnaround deals shall be a specific focus area for new deals in F.Y. 2021-2022. When evaluating new projects, the Company will continue to seek superior long-term growth in shareholder value by maximizing returns through optimal financing and fiscal discipline. The Company shall also enhance agility across its processes to further reduce project launch turnaround times. These shall provide your company with the competitive edge in operational excellence and customer experience respectively.

While the pandemic may have affected the industry at large, the operational momentum of your company is likely to be sustained by its healthy Balance Sheet. A consolidation in the residential real estate sector is expected to continue, leading to an increase in the market share of branded organized players such as your Company. Given

COUNTRY CONDO'S LIMITED

the pace of urbanization, low interest rates and rising per capita disposable incomes, Country Condo's remains optimistic about the long-term sectorial direction. With a strong brand, South-India presence in Hyderabad, Chennai and Bengaluru, demonstrated track record and robust marketing capabilities, your Company is poised for a better growth trajectory comparing to the current year.

Going forward, Country Condo's believes that the technology will play a vital role in moderating the impact of COVID-19. In view of this, your Company is focusing on digital sales. Country Condo's has been improving on-site facilities to create a safe working environment. These measures could help the Company tide over the COVID-19 impact and enhance long term efficiency.

COVID-19 – Challenges & Mitigation

In the Financial Year 2020-21, Country Condo's experienced several unprecedented challenges following the outbreak of COVID-19. The government resources were subjected to stress but several Indian businesses and philanthropic bodies came together to support the nation.

The first wave of COVID-19 was unleashed in India in March 2020. With a nationwide lockdown declared in the third week of March 2020, a mass exodus of labourers was observed across all Country Condo's project sites from March to June 2020, impacting construction progress and collections. There was panic among migrant workers, being worried about their health and uncertainty leading to an exodus. New workers did not come to the project sites during this period. Besides, there was unavailability of material or delay in material delivery during this period. Country Condo's priority always has been worker safety and well-being. It provided complete support to labourers during the lock down. Some important initiatives included provision of clean and sanitized labour camps, availability of drinking water and ration supply in coordination with contractors. Country Condo's ensured safe and hygienic working conditions at the project sites. Each labourer was provided safety supports like masks, sanitizers etc. and were trained on personal hygiene and social distancing. A medical officer inspected camps daily to check on individuals who were unwell. Isolation centres were also made available. Following the gradual lifting of the lockdown, there were concerns of reduced working hours due to night curfews and productivity loss due to the time consumed in following COVID-19 protocols.

For all office employees across the country, safe working spaces were made available through regular sanitization, communication campaigns on various precautions in office and while travelling to office. All security personnel, housekeeping and pantry staff were trained on safety measures including thermal screening for all individuals entering the premises, including customers and vendors.

Though the year was challenging, Country Condo's demonstrated resilience. It was heart-warming to see not just on-ground support teams, spearheaded by HR team members, but all employees come together to create a COVID-19 support repository that addressed employees and dependents in medical emergencies and needs related to the availability of hospital beds, ICUs, ventilators, ambulance, blood plasma donations, oxygen concentrators and medicine. Some other COVID-19 relief initiatives that Country Condo's introduced for employees included the following:

- COVID-19 Cell support for assistance in hospital.
- Insurance cover to employees for COVID-19 as part of the Company's Medical Scheme for hospitalization.
- 24/7 doctor tele-consultation facility.
- Hotel quarantine facility for employees.
- Home quarantine benefit for all employees and dependents advised to be quarantined at home by a medical practitioner.
- Reimbursement of vaccination-related expenses.
- 24/7 psychological wellness consultation services through an employee assistance program partner, where employees could speak confidentially to a qualified and experienced counsellor.

The Company is in discussions with various agencies to undertake COVID-19 vaccination drive for all of its employees and their dependent family members at its various offices and on-site locations.

Schedule IV of the Companies Act, 2013 states that the performance evaluation of the Independent Directors shall be done by the entire Board of Directors, excluding the director being evaluated.

The Company conducted a formal Board Effectiveness Review as part of its efforts to evaluate, identify improvements and thus enhance the effectiveness of the Board of Directors (Board), its Committees and Individual Directors. This was in line with the requirements mentioned in the Companies Act and the SEBI LODR Regulations.

The HR team of Country Condo's Limited worked directly with the Executive Vice-Chairman & CEO and the Nomination and Remuneration Committee of the Board, to design and execute this process which was adopted by

COUNTRY CONDO'S LIMITED

the Board. Each Board Member completed a confidential online questionnaire, providing vital feedback on how the Board currently operates and how it might improve its effectiveness.

The survey comprised of four sections and compiled feedback and suggestions on:

- Board processes (including Board composition, strategic orientation and team dynamics);
- Individual committees;
- Individual Board members; and
- Chairman's Feedback Report

A meeting of the Independent Directors was also held which reviewed the performance of Non-Independent Directors, Chairman and the quality, quantity and timelines of flow of information between the Company management and Board.

As per the amendments issued to the SEBI LODR Regulations in 2018, the performance evaluation criteria for independent directors included a check on their fulfillment of the independence criteria and their independence from the management.

The following reports were created, as part of the evaluation:

- Board Feedback Report
- Individual Board Member Feedback Report
- Chairman's Feedback Report

The overall Board Feedback Report was facilitated by Mr. Balaji Singh with the Independent Directors. The Directors were vocal about the Board functioning effectively, but also identified areas which show scope for improvement. The Individual Committees and Board Members' feedback was shared with the Executive Vice-Chairman & CEO. Following his evaluation, Executive Vice-Chairman's & CEO Feedback Report was also compiled.

MANAGEMENT AND DISCUSSION ANALYSIS REPORT

OVERVIEW:

The Real Estate Sector is one of the most globally recognized sectors. Its impact on the overall economy has been deepening over the past few years, mainly because of the rising population on the demand side and enhanced government initiatives as an enabler. The growth of this sector is well complemented by the growth of the corporate environment and the demand for office space as well as urban and semi-urban accommodations. The construction industry ranks third among 14 major sectors in terms of direct, indirect and induced effects in all sectors of the economy.

The Indian economy continued to exhibit steady growth and remained among the fastest growing emerging economies, with a focus on the continued implementation of structural and financial sector reforms and efforts to reduce public debt.

The Central Bank continuously eased the monetary policy following recent cuts in interest rates. However, full benefits are yet to be transmitted to the industry, which may lead to increased investments. Strong measures are being implemented to strengthen the country's financial sector (especially banks) through the accelerated resolution of non-performing assets under a simplified bankruptcy framework.

The benefits of recent structural reforms like demonetization, GST and ongoing bank recapitalization would enhance economic stability.

In India, real estate is the second largest employer after agriculture and is slated to grow at 30 percent over the next decade. It is also expected that this sector will incur more non-resident Indian (NRI) investments in both the short term and the long term. Bengaluru is expected to be the most favored property investment destination for NRIs, followed by Ahmedabad, Pune, Hyderabad, Chennai, Goa, Mumbai, Delhi and Dehradun.

GLOBAL ECONOMY:

It has been over a year since COVID-19 was declared a global pandemic, which totally changed the course of the world. The global economies which were already facing a synchronised slowdown, got impacted severely by the outbreak of the corona virus. According to The World Economic Outlook (WEO) update, the world economic output declined by 3.3% in 2020, after growing by 2.4% in 2019. The contraction of the activity in 2020 was unprecedented and could have been worse, had it not been for the extraordinary policy support provided by the world central banks. The pandemic which has claimed more than three million lives globally, has pushed world economies to work together towards a common cause. Globally, multiple vaccines are already available which are proving to be effective and in parallel, quicker adaption to the pandemic life has helped the global economy to recover faster than anticipated. While there could be large divergence in recovery rates of respective countries as they grapple with their own issues, the World Economic Outlook has estimated global growth to increase by 6.0% in 2021 and 4.4% in 2022.

Among the advanced economies, the United States is expected to surpass its pre-COVID GDP level in 2021, while the other advanced economies will return to their pre-COVID levels only in 2022. Amongst the emerging market and developing economies, China has already returned to pre-COVID GDP levels in 2020, while others are not expected to do so until 2023. A number of tourism reliant economies are far away from recovery due to the existing travel restrictions in various parts of the world.

While the vaccination rollout has started globally, several countries are facing a second and third wave of corona virus infections due to the shortage of vaccines and bottlenecks in production facilities. The renewed restrictions to contain the subsequent waves could derail the global economic recovery and will need to be closely tracked. Also, as the world economy resets in a post-pandemic world, it could be an opportunity for economies to re-imagine their growth strategies, come out stronger and set the stage for growth in the coming decade.

In response to disruptions from the global pandemic, many central banks in emerging market and developing economies employed asset purchase programs for the first time in their history. These programs were successful in lowering bond yields without triggering currency depreciations.

COUNTRY CONDO'S LIMITED

Despite the pandemic, the global economy is set to expand by 5.6% in 2021, its strongest growth in 80 years. This recovery is uneven and largely reflects sharp rebounds in some major economies. The global outlook is subject to significant downside risks, including the possibility of additional COVID-19 waves and financial stress amid high debt levels of Emerging Market and Developing Economies (EMDEs). Policy makers will need to support the recovery while safeguarding price stability, fiscal sustainability and to continue efforts towards promoting growth-enhancing reforms.

INDIAN ECONOMY:

After facing several headwinds last year with the start of the pandemic, the Indian economy is expected to gradually recover in the current year. India's GDP grew by 0.4% in Q3 FY 2020-21 after two consecutive quarters of contraction. As per the second advance estimates of Central Statistics Office (CSO), GDP growth for FY 2020-21 is expected to contract by 8.0%, after expanding by 4.0% in FY 2019-20. The country's fiscal deficit for FY 2020-21 has been pegged at 9.5% of GDP, much beyond the original targeted 3.5% of GDP, resulting from stressed tax and divestment revenues, increased expenditure commitments due to the COVID-19 pandemic and the resultant economic slowdown. The country's fiscal deficit for FY 2021-22 has been pegged at 6.8% of GDP and the FRBM act has been amended to target fiscal deficit below 4.5% of GDP by FY 2025-26.

The core sector grew by 6.8% in March 2021, helped by last year's low base and double-digit growth in steel, cement, electricity and natural gas segments, along with an upside surprise in IIP which rose by 22.4% in March. For FY 2020-21, IIP stood at -8.6% as against -0.8% in FY 2019-20, reflecting the weakness in the economy. Also, the lockdown and fresh restrictions in several parts of the country to contain the second wave could lead to a delay in recovery.

According to the CSO, country's factory output growth shot up by 7.0% in FY 2020-21 as against a contraction of 0.7% in FY 2019-20. Consumer durables output, an indicator of urban demand, contracted by 15.2% in FY 2020-21, compared with 8.7% contraction in FY 2019-20.

According to the World Economic Outlook update, India's GDP growth is expected to recover sharply by 12.5% in FY 2021-22, on the assumption of a brisk recovery from the pandemic. Also, India's growth projection for FY 2022-23 is projected at 6.9%. RBI has maintained the repo rate at a record low of 4.0% since May 2020 and accommodative monetary policy stance amid concerns of rising COVID-19 cases that could derail the nascent recovery. There is a high probability of downward revision in growth rates of the economy, given the severity of the second wave.

While the second wave of COVID-19 infections has created significant uncertainty over the economic trajectory in the short term, various initiatives by government will ensure a steady growth path in coming years. The government intends to spend more than ₹ 2.0 Lakh Crore on various Production Linked Incentive (PLI) schemes over the next 5 years in several sectors. The scheme is transformational which will facilitate India becoming a global manufacturing hub, create more job opportunities and higher economic activity. Also, the setting up of DFI to fund infrastructure projects which was announced in the latest budget is expected to benefit allied sectors. Additionally, a stable tax regime despite the fiscal constraints will boost economic sentiment and private consumption. In November 2020, the Government of India announced ₹ 2.65 lakh crore (US\$ 36 billion) stimulus package to generate job opportunities and provide liquidity support to various sectors such as tourism, aviation, construction and housing. Also, India's cabinet approved the production-linked incentives (PLI) scheme to provide approximately ₹ 2 trillion (US\$ 27 billion) over five years to create jobs and boost production in the country.

FY 2020-21 inflation stood at 6.2%, within the RBI's estimated range & is expected to be -5.2% for the current year, according to the Asian Development Bank. Also, any upside risk from firm crude prices is more likely to be offset by softening of demand due to a resurgence in corona virus infections, reduction in duties on petroleum products and the likelihood of a normal monsoon in the current year. The country's exports of goods and services are expected to improve once the global economies recover from the pandemic. While the long term outlook looks bright for the country, the recurrence of COVID-19 waves could pose a serious risk to global trade activity and slow Indian economic growth.

India has emerged as the fastest growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

With an improvement in the economic scenario, there have been investments across various sectors of the economy. In 2020, the total deal value in India stood at approximately US\$ 80 billion. Of this, M&A activity contributed approximately

COUNTRY CONDO'S LIMITED

50% to the total transaction value. Private Equity–Venture Capital (PE-VC) companies expanded from US\$ 36.3 billion in 2019 to US\$ 39.2 billion in 2020.

Government data showed that India's Foreign Direct Investment (FDI) equity inflows during the period from April 2020 to March 2021 stood at \$59.64 billion which corresponds to a growth of 19%.

The first Union Budget of the third decade of 21st century was presented by Minister for Finance & Corporate Affairs, Ms. Nirmala Sitharaman in the Parliament on February 1, 2020. The budget aimed at energizing the Indian economy through a combination of short-term, medium-term and long-term measures.

Numerous foreign companies are setting up their facilities in India on account of various Government initiatives like Make in India and Digital India. Mr. Narendra Modi, Prime Minister of India, launched Make in India initiative with an aim to boost country's manufacturing sector and increase purchasing power of an average Indian consumer, which would further drive demand and spur development, thus benefiting investors. The Government of India, under its Make in India initiative, is trying to boost the contribution made by the manufacturing sector with an aim to take it to 25% of the GDP from the current 17%. Besides, the Government has also come up with Digital India initiative, which focuses on three core components: creation of digital infrastructure, delivering services digitally and to increase the digital literacy.

India's GDP is expected to reach US\$ 5 trillion by FY25 and achieve upper-middle income status on the back of digitization, globalization, favourable demographics and reforms.

India is also focusing on renewable sources to generate energy. It is planning to achieve 40% of its energy from non-fossil sources by 2030, which is currently 30%, and have plans to increase its renewable energy capacity to 175 Giga-watts (GW) by 2022.

India is expected to be the third largest consumer economy as its consumption may triple to US\$ 4 trillion by 2025, owing to shift in consumer behaviour and expenditure pattern, according to a Boston Consulting Group (BCG) report. It is estimated to surpass USA to become the second largest economy in terms of purchasing power parity (PPP) by 2040 as per a report by Pricewaterhouse Coopers.

INDUSTRY REVIEW:

The real estate sector is one of the most globally recognized sectors. The real estate sector comprises four sub sectors - housing, retail, hospitality and commercial. The growth of this sector is well complemented by the growth of the corporate environment and the demand for office space as well as urban and semi-urban accommodations. The construction industry ranks third among the 14 major sectors in terms of direct, indirect and induced effects in all sectors of the economy.

By 2040, real estate market will grow to ₹ 65,000 Crore from ₹ 12,000 Crore in 2019. Real estate sector in India is expected to reach a market size of US\$ 1 trillion by 2030 from US\$ 120 billion in 2017 and contribute 13% to the country's GDP by 2025. Retail, hospitality and commercial real estate are also growing significantly, providing the much-needed infrastructure for India's growing needs. Indian real estate is expected to increase by 19.5% CAGR from 2017 to 2028.

After the unlocking process was initiated in the third quarter of 2020, both the residential and office markets started showing promising signs of revival. As business activities resumed with the gradual opening of the economy in the third quarter of 2020, the office market witnessed green shoots of recovery. Sentiments improved further in the last quarter of 2020 with the news of potential vaccine development and the office market continued its recovery momentum. Net absorption increased by 52%, while new completions grew by 39% when compared to the preceding quarter.

Home sales volume across eight major cities in India jumped by 2.5x to 33,403 units from July 2020 to September 2020, compared with 9,632 units in the previous quarter, signifying healthy recovery post the strict lockdown imposed in the second quarter due to the spread of COVID-19 in the country.

Government of India along with the governments of respective States has taken several initiatives to encourage development in the sector. The Smart City Project, with a plan to build 100 smart cities, is a prime opportunity for real estate companies. Below are some of the other major Government initiatives:

COUNTRY CONDO'S LIMITED

- The Atmanirbhar Bharat 3.0 package announced by Finance Minister Ms. Nirmala Sitharaman in November 2020 included income tax relief measures for real estate developers and homebuyers for primary purchase/sale of residential units of value (up to ₹ 2 Crore from November 12, 2020 to June 30, 2021).
- In October 2020, the Ministry of Housing and Urban Affairs (MoHUA) launched an affordable rental housing complex portal.
- In order to revive around 1,600 stalled housing projects across top cities in the country, the Union Cabinet has approved the setting up of ₹ 25,000 Crore alternative investment fund (AIF).
- Under Pradhan Mantri Awas Yojana (Urban) (PMAY (U)), 1.12 Crore houses have been sanctioned in urban areas, creating 1.20 Crore jobs.
- Government has created an Affordable Housing Fund (AHF) in the National Housing Bank (NHB) with an initial corpus of ₹ 10,000 Crore (US\$ 1.43 billion) using priority sector lending short fall of banks/financial institutions for micro financing of the HFCs.

In 2014, the Securities and Exchange Board of India (SEBI) has given its approval for the Real Estate Investment Trust (REIT) platform, which has allowed all kind of investors to invest in the Indian real estate market. It would create an opportunity worth ' 1.25 trillion (US\$ 19.65 billion) in the Indian market in the coming years. Responding to an increasingly well-informed consumer base and bearing in mind the aspect of globalization, Indian real estate developers have shifted gears and accepted fresh challenges. The most marked change has been the shift from family-owned businesses to that of professionally managed ones. Real estate developers, in meeting the growing need for managing multiple projects across cities, are also investing in centralized processes to source material and organise manpower and hiring qualified professionals in areas like project management, architecture and engineering.

The growing flow of FDI in Indian real estate is encouraging increased transparency. Developers, in order to attract funding, have revamped their accounting and management systems to meet due diligence standards. Indian real estate is expected to attract a substantial amount of FDI in the next two years with US\$ 8 billion capital infusion by FY22.

Residential real estate in the country's top seven property markets has staged a comeback with sales exceeding pre-pandemic levels, driven by record-low interest rates, discounts offered by developers, lower prices and stamp duty cuts in key areas.

The improved sales momentum has lifted confidence among realty developers, pushing them to launch more projects as indicated by the rise in new offerings across markets.

Real Estate Sector

The Indian real estate sector was expected to start recovering in 2020 after few lackluster years wherein the sector was impacted by multiple reforms and the changes brought about by Demonetisation, RERA, GST and the NBFC crisis. It has been a tough task for the sector to align itself with these externalities, but the measures have resulted in much needed transparency, accountability and fiscal discipline for the sector. Prior to the pandemic, the real estate sector was expected to contribute around 13% of India's GDP by 2025 (from around 6-7% in 2017), according to ANAROCK Research.

The pandemic nearly stalled the markets in H1 2020 and the sector was virtually written off at the early stages of the pandemic on the expectations of a subsequent economic fallout. However, during this unprecedented crisis, the real estate sector exhibited remarkable resilience and recovered ahead of expectations. After grappling with initial labor shortages and demand deferment, both the residential and office markets witnessed signs of revival from Q3 2020 onwards.

While the pandemic outbreak temporarily disrupted the sector, it also led to emergence of certain trends such as preference for larger apartments, increasing inclination for home ownership as against rental housing, de-densification of office spaces and acceleration of the ongoing consolidation in the sector. Also, the current situation has opened up a lot of business development opportunities for well capitalised developers. The uncertainties of the second COVID-19 wave and its impact will need to be assessed and tracked closely.

Residential Real Estate Market

The Indian residential sector has been under pressure due to tepid demand in the past few years and the pandemic has further worsened the situation for the sector. While the sector was finding its way post the liquidity crisis and earlier

COUNTRY CONDO'S LIMITED

disruptions, the COVID-19 pandemic threw upon an unprecedented crisis and nearly stalled the housing market in the first half of the year. However, contrary to everyone's expectations the residential market proved to be resilient and started recovering strongly from Q3 2020 onwards. Larger established players with easy access to funding and technological edge gained market share during the year. Stagnant housing prices coupled with decadal low interest rates helped the residential sector to stage a meaningful recovery. The sales momentum was particularly strong in many parts of the country, led by time bound stamp duty cuts and a 50% reduction in the construction premiums for all ongoing projects and new launches by the Maharashtra Government and many other State Governments.

According to the property research firm Knight Frank, the total sales volume in the top eight cities declined by 37% in CY2020 to 154,434 units. Ahmedabad witnessed the steepest decline in sales at 61% YoY, followed by Bengaluru where the sales dropped by 51% YoY. New launches dropped by 34% to 146,628 units in CY2020 across eight cities including The Mumbai Metropolitan Region (MMR), Bengaluru and the National Capital Region (NCR), after registering an increase of 23% in CY2019. NCR witnessed the sharpest decline in new launches at 57% YoY, while Hyderabad market recorded a decline of only 5% YoY.

According to the Knight Frank affordability matrix, affordability for the top eight cities has improved over the last few years with rising income levels and time correction in the housing sector. An EMI/Income ratio of over 50% is considered unaffordable according to the matrix and most cities have witnessed a dramatic increase in affordability due to decadal low interest rates and decline in home prices in CY2020. While Mumbai continues to be the most expensive housing market with affordability ratio at 61% in CY2020, the affordability for the region has improved from 94% in CY2015. Ahmedabad continued to be the most affordable city with affordability ratio at 24%, while the affordability ratio for NCR and Bengaluru stood at 38% and 28%, respectively in CY2020.

Office Market

The office market in India has been vibrant over the past few years, with record supply and leasing transactions hitting the market in CY2019. The market was expected to continue its positive momentum in CY2020; however the COVID-19 pandemic and the associated lockdowns resulted into a new set of challenges for the office sector. The corporate tenants were forced to adopt work from home practices and major real estate leasing decisions were delayed. Business activities across all markets came to a standstill during Q2 2020 because of the pandemic and the phased resumption in a weak economic environment heavily impacted the office demand. The office space supply dropped sharply by 42% YoY to 35.5 Million sq. ft. in CY2020, while the transaction activity declined to 39.4 Million sq. ft., down 35% YoY. However, the transactions gathered momentum towards the last quarter with gradual recovery in the economy and improved sentiments on the news of potential vaccination in the country. Bangalore office market continued to be resilient, recording leasing transactions to the tune of 12.3 Million sq. ft., which was nearly one-third of the total leasing transactions in the top-8 cities in CY2020. The IT/ITeS sector contributed around 41% of transacted volume in H2 2020, while share of BFSI stood at 16%. Global investors continue to believe in the massive potential of the real sector in India, which is evident from the overwhelming response to second and third office REITs, which got listed in the middle of the pandemic.

Budget 2021 - Takeaways

The Government delivered an impressive growth-oriented budget, despite limited fiscal room in FY 2020-21. While there were limited announcements impacting the real estate sector directly, a major thrust on infrastructure spending will benefit the real estate sector. Additionally, a stable tax regime will greatly benefit the demand in the housing sector. Some of the key measures include:

Interest deduction benefit on affordable housing

The Government in its attempt to boost affordable housing demand, proposed to extend additional tax benefit of H 1.5 Lakh on interest paid on affordable housing loans by one year till March 2022.

Tax holiday extended for affordable housing developers

In order to encourage developers to focus on affordable housing projects, the Government extended the date of approval for these projects for availing tax holiday on profits earned by developers by one year till March 2022. The tax

COUNTRY CONDO'S LIMITED

holiday which was being provided under section 80-IBA for approved projects during the period from June 1, 2016 to March 31, 2021 has been extended by one more year.

Rental housing for migrant workers

The government has provided a tax exemption for notified rental housing projects for migrant workers which will facilitate supply and demand for affordable housing.

REIT regulation changes

The government has removed Tax Deduction at Source (TDS) on dividends paid to REITs, which will bring down the administrative burden for REITs. Additionally, the government has proposed to enable debt financing of InVITs/REITs by foreign portfolio investors by making suitable amendments in the relevant legislations which will open up additional avenues of funding at competitive rates.

OPPORTUNITIES, THREATS AND CHALLENGES:

OPPORTUNITIES:

As India awaits policy reforms to pick up speed, your Company firmly believes that the demand for Real Estate in a country like India should remain strong in the medium to long term. Your Company's well accepted brand, contemporary architecture, well designed projects in strategic locations, strong balance sheet and stable financial performance even in testing times make it a preferred choice for customers and shareholders. Your Company is ideally placed to further strengthen its development potential by acquiring new land parcels.

Housing Demand

The pandemic has reinforced the security that homeownership offers vis-à-vis rental housing, resulting in rising housing demand. A full-fledged expected economic recovery coupled with all-time low interest rates, stagnant house prices and rising income levels are some of the factors which will drive the housing demand going ahead.

Consolidation

The highly fragmented Indian real estate sector has been in a prolonged consolidation phase in the past few years; albeit at a slower pace. The reforms and the disruptions in the real estate sector have ensured that no new player has an easy entry into the sector. Even the existing developers have been under pressure with lackluster sales, high borrowing costs and lack of pricing power. The liquidity crisis worsened the situation for the sector and the pandemic has accelerated the process of consolidation. The pandemic has opened up new avenues of growth for well capitalised developers in terms of attractive business development opportunities and online digital sales.

Affordable housing

Affordable housing continues to remain a significant opportunity for developers and key focus area of the government. While the target customers of affordable housing were worst hit by the pandemic leading to lower sales in CY2020, the share of launches in the affordable segment across the top 7 cities of India, has also dropped from 40% in CY2019 to 30% in CY2020, according to ANAROCK Research.

In Budget 2021, the government announced several measures to boost affordable housing. In its attempt to boost the affordable housing demand, the government has proposed to extend additional tax benefit of H 1.5 Lakh on interest paid on affordable housing loans by one more year till March 2022. Also, in order to encourage developers to focus on affordable housing projects, the Government has extended the date of approval for these projects for availing tax holiday on profit earned by developers by one year till March 2022. The affordable housing segment could see a meaningful uptick in demand with an expected economic recovery, improving wages and affordability. Lastly, Affordable Rental Housing Complexes (ARHCs) have been accorded as a sub-scheme under Pradhan Mantri AWAS Yojana-Urban (PMAY-U) to provide ease of living to urban migrants engaged in the informal sectors of the economy.

Digital Real Estate Sales

Over the past few years, digital marketing has emerged as an important tool for real estate developers to boost their sales and reach out to customers globally. While the earlier marketing activities were limited to building consumer experience and establishing connection through digital means, the pandemic has forced the developers to change their conventional sales models.

Developers who have been able to migrate their sales process from on-boarding of customers to closing the deal online, have recorded healthy sales even during the lockdown. Digital collaboration tools can be leveraged by the developers to interact with potential customers, showcase project brochures, facilitate virtual site tours, and focus on NRIs to propel the sales. Going ahead, it will be imperative for the developers to adapt to a tech-savvy future in terms of digital platforms for sales and marketing and also introduce enhanced automation at sites.

Monetary Easing

The real estate sector performance is closely linked to the country's economic fundamentals and its monetary policies. The Reserve Bank of India has kept the benchmark repo rate unchanged at 4.0% since May 2020, which is the lowest ever repo rate in its attempt to support the economic recovery while maintaining an accommodative stance. A liberal monetary policy is expected to benefit the customers, real estate developers and foster the reviving housing demand.

THREATS & CHALLENGES:

Regulatory Hurdles

The real estate sector is a highly regulated sector and any unfavorable changes in government policies and the regulatory environment can adversely impact the performance of the sector. There are substantial procedural delays with regards to land acquisition, land use, project launches and construction approvals. Retrospective policy changes and regulatory bottlenecks may impact profitability and affect the attractiveness of the sector and companies operating within the sector.

Funding

The lending to real estate developers by the NBFCs and HFCs was already limited after the IL&FS crisis and the pandemic has further deteriorated the liquidity situation for weaker developers who had to resort to alternative funding in absence of long term loans from banks. However, Grade-I developers with strong balance sheets continue to enjoy ample liquidity access. Going ahead, the funding situation is likely to remain selective towards the reputed developers and majority of developers will have to rely on cash flow generation from project sales.

Shortage of Manpower & Technology The real estate sector is heavily dependent on manual labour. During the pandemic, the sector was badly hit due to reverse migration of construction workers which affected the construction activity severely, leading to delayed timelines for project completion. Hence, there is a need for development of technologically less labour intensive alternative methods of construction.

While the management of your Company is confident of creating and exploiting the opportunities, it also finds the following challenges:

- Unanticipated delays in project approvals;
- Availability of accomplished and trained labour force;
- Concern due to ongoing pandemic situation;
- Increased cost of manpower;
- Rising cost of construction;
- Growth in auxiliary infrastructure facilities; and
- Over regulated environment.

COMPANY STRENGTHS:

Your Company continues to capitalize on the market opportunities by leveraging its key strengths. These include:

COUNTRY CONDO'S LIMITED

1. **Brand Reputation:** Enjoys higher recall and influences the buying decision of the customer. Strong customer connects further results in higher premium realizations.

HUMAN RESOURCES:

Mental Wellness:

Mental wellness is a positive state of mental health. It ensures that individuals think, feel and act in ways that will create positive impact on their personal and professional life. Keeping this in mind, your Company launched 24/7 Employee Assistance Program (EAP).

This program offers professional counseling services to all employees seeking help in managing concerns related to their life. It supports employees who experiences problems that affect their well-being and performance at work. These sessions are conducted privately and ensures complete confidentiality.

The program is supported with:

- **Weekly e-mailers** – A 52-week e-mail campaign which promotes EAP program and encourages the employee to address their Mental Wellness needs.
- **'Wellness & beyond'**- The monthly newsletter, is another step towards creating awareness about health and wellbeing. These newsletters share reliable and research-based information about various sensitive topics like managing elders, toxic relationships, coping with work stress etc.,
- **Meet the Expert @ EAP Hour** - These are sessions with professional counsellors where certain real-life scenarios are discussed. The counsellors advise employees on how to deal with the same. This helps employees to build confidence to reach out to EAP counsellor when required.

This program has assisted employees during the current unprecedented and challenging times. It has enabled them to manage stress, handle challenges and build stronger relations. This has led to a happier, healthier, focused and more productive workforce.

Health and Safety:

Your Company is always committed to the **health and safety** of its employees. Your Company provides a clean, hygienic and conducive work environment to all employees. During the pandemic time your Company has doubled its efforts to ensure health and safety of its employees. All offices and sites go through regular sanitation, social distancing norms are followed, sanitizers are placed at various locations, visitors' entries are minimized, wearing masks is mandatory. Weekly mailers are sent to educate employees regarding safety measures to be practiced during the pandemic times.

OUTLOOK:

FY 2020-21 was an eventful year for the real estate sector which witnessed pandemic led disruption in H1 FY 2020-21 and a strong bounce back during the second half of the year. The pandemic has forced the developers to change their legacy business models and the players who focus on innovation and digital transformation in realty will lead the way for the sector. We expect FY 2021-22 to start with weakness in the first quarter due to the significant impact of the second wave followed by a strong recovery thereafter and this will set the base for a multi-year growth cycle for the real estate

COUNTRY CONDO'S LIMITED

sector. Financially strong and reputed developers with greater focus on delivering quality apartments and customised experiences for customer will benefit disproportionately from the likely cyclical upturn. Prevailing low interest rates, rising affordability and stable home prices have improved the consumer sentiment and will facilitate buoyant demand for the residential real estate sector.

The pandemic, resultant disruption and the prevailing liquidity crunch in the real estate sector has opened up a lot of opportunities for organised developers like Country Condo's Ltd. We expect our business development activity to gather pace and hope to add several projects to our portfolio in FY 2021-22. The subsequent waves of COVID-19 and the resultant containment measures could delay the real estate recovery and will need to be tracked closely. Despite the crisis, our sales performance strengthened significantly in FY 2020-21 and we expect to further scale our sales momentum in FY 2021-22, given our exciting launch pipeline, strong brand and robust balance sheet. Also, our presence in the key markets and across the housing segments places us well to benefit from the likely commencement of a real estate up-cycle.

As we enter 2021, the momentum of historic sales could slow a bit but will remain strong to narrate a positive story. Unlike the past year, the real estate sector is now picking up with home buyers willing to make the move. With most workers displaced during the lockdown now back, construction activity has resumed and work is moving at a faster pace to fulfill commitments.

The demand for residential property has in fact also been guided by the concept of work from home — as families are now looking out for an upgrade as individual space becomes a crucial factor.

Strengthen relationships with key service providers and develop multiple vendors:

In order to continue delivering landmark offerings to our customer, we shall further strengthen our relationship with our key service providers, i.e. architects, designer and contractors. Your Company is also working on strategy to develop more and more vendors who can deliver product and services in line with Company's philosophy and product offerings.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

The Company has an adequate internal control system, corresponding with the size and nature of its business. The system of internal control is supported by documented policies, guidelines and procedures to monitor business and operational performance which are aimed at ensuring business integrity and promoting operational efficiency.

The Company has an Internal Auditor who oversees the entire internal audit function. However, given the size of its operations in terms of nature of its business, it also uses services of independent audit firms to conduct periodic internal audits in line with an audit plan that is drawn at the beginning of the year. This audit plan, prepared by the Internal Auditor, is approved by the Audit Committee and the Board of Directors.

Internal audit reports are placed periodically before the Audit Committee of the Board of Directors, which reviews the adequacy and effectiveness of the internal control systems and suggests improvements for strengthening them.

The Company has also focused on upgrading the IT infrastructure – both in terms of hardware and software. In addition to the existing ERP platform, the Company is presently reviewing the process documentation to ensure effectiveness of the controls in all the critical functional areas of the Company.

SEGMENT WISE PERFORMANCE:

The Company is primarily engaged only in the business of sale of Plots under Real Estate Segment in India. As per the Indian Accounting Standard 108 on Segment Reporting, the Board would like to inform that under the real estate segment total Revenue was ₹ 1244.21 Lakhs only. The Total Profit Before Tax for the Company was ₹ 63.11 Lakhs only & Total Profit After Tax for the Company was ₹ 46.91 Lakhs only.

FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE OF THE COMPANY:

The Company achieved a turnover of ₹ 1244.21 Lakhs only and The Total Profit Before Tax for the Company was ₹ 63.11 Lakhs only & Total Profit After Tax for the Company was ₹ 46.91 Lakhs only.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF COUNTRY CONDO'S LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of M/s COUNTRY CONDO'S LIMITED ("the Company"), which Comprises the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("IndAS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial

COUNTRY CONDO'S LIMITED

performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

COUNTRY CONDO'S LIMITED

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in: (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid financial statements comply with the IndAS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

COUNTRY CONDO'S LIMITED

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company does not have pending litigations which would have impact on its financial position.
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of M/s COUNTRY CONDO'S LIMITED of even date

Report on the Internal Financial Controls over Financial Reporting under Clause (i) Of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of M/s COUNTRY CONDO'S LIMITED ("the Company") as of March 31, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act , 2013 , to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable

COUNTRY CONDO'S LIMITED

detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

- i. In respect of the Company's fixed assets:
 - (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
 - (b) The Company has a program of verification to cover all the items of fixed assets in a phased manner which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain fixed assets were physically verified by the management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
 - (c) According to the information and explanations given to us, the records examined by us and based on the examination of the title deeds of immovable properties, they are held in the name of the company.
- ii. The physical verification of inventory has been conducted at reasonable intervals by the management during the year and no material discrepancies were noticed on such verification.
- iii. The Company has not granted any loans, secured or unsecured, to companies, firms, and Limited Liability partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Therefore, the provisions of Clause 3(iii), (iii) (a), (iii) (b) and (iii) (c) of the said order are not applicable to the company.
- iv. The company has not made any investments or granted any loans to the parties covered under section 185 and 186 of the Companies Act, 2013. The company has provided Corporate Guarantee for which the company has complied with the provisions of section 185 and 186 of the Companies Act, 2013.
- v. The Company has not accepted deposits during the year and does not have any unclaimed deposits as at March 31, 2021 and therefore, the provisions of the clause (v) of the Order are not applicable to the Company.
- vi. The maintenance of cost records has not been specified by the Central Government under section 148(1) of the Companies Act, 2013 for the business activities carried out by the Company. Thus reporting under clause 3(vi) of the order is not applicable to the Company.
- vii. According to the information and explanations given to us, in respect of statutory dues:
 - (a) According to the information and explanations given to us and based on the records of the company examined by us, the company is regular in depositing the undisputed statutory dues, including Provident Fund, Employees' State Insurance, Income-tax, Custom Duty, Goods and Services Tax and other material statutory dues, as applicable, with the appropriate authorities in India.
 - (b) There were no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income Tax, Goods and Service Tax, Customs Duty, Cess and other material statutory dues in arrears as at March 31, 2021 for a period of more than six months from the date they became payable.
 - (c) According to the information and explanation given to us and based on the records of the company examined by us, there are no dues of Income Tax, Goods and Service Tax and Customs Duty which have not been deposited as at March 31, 2021 on account of any dispute.

COUNTRY CONDO'S LIMITED

1. General Information

The company's main activity broadly consists of Real estate operations. The company's real estate operations consist of procurement of land banks across the country, develop them into residential layouts with all amenities including club house and sell them in plots to customers. The company also undertakes allied activities of construction of compound walls etc. in the developed layouts. The company is also planning to undertake construction and sale of Condos.

2. Basis of preparation of financial statements

2.1 Statement of Compliance

The financial statements have been prepared in accordance of Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules 2015 notified under Section 133 of Companies Act 2013 (the 'Act') and other relevant provisions of the Act.

The Company's financial statements up to and for the year ended March 31, 2016 were prepared in accordance with the Companies (Accounting Standards) Rules 2006, notified under Section 133 of Companies Act 2013 (the 'Act') and other relevant provisions of the Act.

2.2 Basis of measurement

These financial statements have been prepared on the historical cost convention and on an accrual basis, except for the following material items in the statement of financial position:

- certain financial assets and liabilities are measured at fair value;
- employee defined benefit assets/(liability) are recognized as the net total of the fair value of plan assets, plus actuarial losses, less actuarial gains and the present value of the defined benefit obligation;
- long term borrowings are measured at amortized cost using the effective interest rate method.

2.3 Functional currency

The financial statements are presented in Indian rupees, which is the functional currency of the Company. Functional currency of an entity is the currency of the primary economic environment in which the entity operates.

All amounts are in Indian Rupees except share data, unless otherwise stated.

2.4 Operating cycle

All the assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013.

Assets:

An asset is classified as current when it satisfies any of the following criteria:

- a) it is expected to be realized in, or is intended for sale or consumption in, the Company's normal operating cycle;
- b) it is held primarily for the purpose of being traded;
- c) it is expected to be realized within twelve months after the reporting date; or
- d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

COUNTRY CONDO'S LIMITED

Liabilities:

A liability is classified as current when it satisfies any of the following criteria:

- a) it is expected to be settled in the Company's normal operating cycle;
- b) it is held primarily for the purpose of being traded;
- c) it is due to be settled within twelve months after the reporting date; or
- d) the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current assets/ liabilities include the current portion of non-current assets/ liabilities respectively. All other assets/ liabilities are classified as non-current.

2.5 Critical accounting judgments and key sources of estimation uncertainty operating cycle

In the application of the Company's accounting policies, which are described in note 3, the management of the Company are required to make judgments, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The following are the areas of estimation uncertainty and critical judgments that the management has made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognised in the financial statements:

Provision and contingent liability

On an ongoing basis, Company reviews pending cases, claims by third parties and other contingencies. For contingent losses that are considered probable, an estimated loss is recorded as an accrual in financial statements. Loss Contingencies that are considered possible are not provided for but disclosed as Contingent liabilities in the financial statements. Contingencies the likelihood of which is remote are not disclosed in the financial statements. Gain contingencies are not recognized until the contingency has been resolved and amounts are received or receivable.

Useful lives of depreciable assets

Management reviews the useful lives of depreciable assets at each reporting. As at March 31, 2021 management assessed that the useful lives represent the expected utility of the assets to the Company. Further, there is no significant change in the useful lives as compared to previous year.

3. Significant accounting policies

3.1 Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the amount can be reliably measured.

- Revenue is measured at the fair value of consideration received or receivable taking into account the amount of discounts, volume rebates and GST are recognised when all significant risks and rewards of ownership of the goods sold are transferred.

COUNTRY CONDO'S LIMITED

- Dividend income is accounted for when the right to receive the income is established.
- Revenue from Sale of plots is recognised when registrations of individual plots are completed.

Completed service contact method is a method of accounting which recognizes revenue in the statement of profit and loss only when the rendering of services under a contract is completed or substantially completed.

Proportionate completion method is a method of accounting which recognizes revenue in the statement of profit and loss proportionately with degree of completion of services under a contract.

3.2 Borrowing costs

Specific borrowing costs that are attributable to the acquisition, construction or production of a qualifying asset are capitalized as part of the cost of such asset till such time the asset is ready for its intended use and borrowing costs are being incurred. A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are recognised as an expense in the period in which they are incurred.

Borrowing cost includes interest expense, amortization of discounts, ancillary costs incurred in connection with borrowing of funds and exchange difference arising from foreign currency borrowings to the extent they are regarded as an adjustment to the Interest cost.

3.3 Taxation

Income Tax expense consists of Current and Deferred Tax. Income Tax expense is recognized in the Income Statement except to the extent that it relates to items recognized directly in Equity, in which case it is recognized in Equity.

Current tax:

Current Tax is the expected tax payable on the Taxable Income for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax:

Deferred Tax is recognized using the Balance Sheet method, providing for temporary differences between the carrying amounts of Assets and Liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred Tax is not recognized for the following temporary differences: the initial recognition of Assets or Liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit; differences relating to investments in subsidiaries and jointly controlled entities to the extent that it is probable that they will not reverse in the foreseeable future; and taxable temporary differences arising upon the initial recognition of goodwill. Deferred Tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date. Deferred Tax Assets and Liabilities are offset if there is a legally enforceable right to offset Current Tax Liabilities and Assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax Liabilities and Assets on a net basis or their Tax Assets and Liabilities will be realized simultaneously.

A Deferred Tax Asset is recognized to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilized. Deferred Tax Assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

3.4 Earnings per share

The Company presents basic and diluted earnings per share ("EPS") data for its ordinary shares. The basic earnings per share is computed by dividing the net profit attributable to equity shareholders for the period by the weighted average number of equity shares outstanding during the year.

COUNTRY CONDO'S LIMITED

Diluted earnings per share is computed by dividing the net profit attributable to equity shareholders for the year relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share.

3.5 Property, plant and equipment

The initial cost of PPE comprises its purchase price, including import duties and non-refundable purchase taxes, and any directly attributable costs of bringing an asset to working condition and location for its intended use, including relevant borrowing costs and any expected costs of decommissioning, less accumulated depreciation and accumulated impairment losses, if any. Expenditure incurred after the PPE have been put into operation, such as repairs and maintenance, are charged to the Statement of Profit and Loss in the period in which the costs are incurred.

If significant parts of an item of PPE have different useful lives, then they are accounted for as separate items (major components) of PPE.

Material items such as spare parts, stand-by equipment and service equipment are classified as PPE when they meet the definition of PPE as specified in Ind AS 16 – Property, Plant and Equipment.

3.6 Depreciation

Depreciation is the systematic allocation of the depreciable amount of PPE over its useful life and is provided on a straight-line basis over the useful lives as prescribed in Schedule II to the Act or as per technical assessment.

Depreciable amount for PPE is the cost of PPE less its estimated residual value. The useful life of PPE is the period over which PPE is expected to be available for use by the Company, or the number of production or similar units expected to be obtained from the asset by the Company.

The Company has componentised its PPE and has separately assessed the life of major components. In case of certain classes of PPE, the Company uses different useful lives than those prescribed in Schedule II to the Act. The useful lives have been assessed based on technical advice, taking into account the nature of the PPE and the estimated usage of the asset on the basis of management's best estimation of obtaining economic benefits from those classes of assets.

Such classes of assets and their estimated useful lives are as under:

Particulars	Useful life
Buildings	30 years
Plant and Machinery	15 years
Electrical Equipment	5 years
Office Equipment	5 years
Computers - Laptops & Desktops	3 years
Computers - Servers	6 Years
Furniture and Fixtures	10 years
Vehicles - Four Wheelers	8 years
Vehicles - Two Wheelers	10 years
Leasehold Improvements	10 years

COUNTRY CONDO'S LIMITED

Depreciation on additions is provided on a pro-rata basis from the month of installation or acquisition and in case of Projects from the date of commencement of commercial production. Depreciation on deductions/disposals is provided on a pro-rata basis up to the date of deduction/disposal.

3.7 Cash and cash equivalents

Cash and cash equivalents in the Balance Sheet comprise cash at bank and in hand and short-term deposits with banks that are readily convertible into cash which are subject to insignificant risk of changes in value and are held for the purpose of meeting short-term cash commitments.

3.8 Cash flow statement

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated. Bank overdrafts are classified as part of cash and cash equivalent, as they form an integral part of an entity's cash management.

3.9 Provisions

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

3.10 Contingent liabilities & contingent assets

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are not recognised in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.
